

APEX PROCUREMENT TECHNOLOGIES PROPOSAL FOR ENTERPRISE VENDOR MANAGEMENT PLATFORM

1. EXECUTIVE SUMMARY

Apex Procurement Technologies delivers an enterprise-grade vendor intelligence platform. We pride ourselves on transparent, flexible commercial terms.

No long-term commitment is required for our flexible enterprise procurement package.

Key Proposal Highlights:

- Annual Subscription Fee: \$105,000 USD
- Implementation Timeline: 30 days
- Service Level Agreement: 99.9% uptime SLA
- Payment Terms: Net 30 days
- Security Compliance: SOC 2 Type II certified

2. IMPLEMENTATION OVERVIEW

Apex guarantees a rapid 30-day implementation timeline for standard enterprise configurations, allowing your procurement team to achieve value within one month of contract signing.

3. STATEMENT OF WORK & DEPLOYMENT SCHEDULE

Detailed Statement of Work (SOW) deployment activities:

Phase 1: Initial Discovery (15 days)

Phase 2: Custom Data Integration (30 days)

Phase 3: Testing & Go-Live (15 to 30 days)

Estimated total deployment duration is 60 to 75 days depending on customer custom backend integration requirements.

4. SUPPORT & SECURITY

Apex provides SOC 2 Type II compliance. Standard technical support is available Monday through Friday 8 AM to 8 PM EST. 24/7 support is available only under our Premium Platinum tier.

5. COMMERCIAL TERMS & RENEWAL

5.1 Pricing

Annual Subscription Fee: \$105,000 USD. Payment terms: Net 30 days.

5.2 Auto-Renewal Clause

The agreement automatically renews for an additional 24-month term unless written cancellation notice is provided at least 120 days before renewal.

5.3 Limitation of Liability

Liability cap is set at 6 months of paid contract fees.
