

NORTHSTAR SYSTEMS CORPORATION PROPOSAL FOR ENTERPRISE VENDOR MANAGEMENT PLATFORM

1. EXECUTIVE SUMMARY

Northstar Systems is pleased to submit this proposal for our Enterprise Vendor Management SaaS Platform. Designed for modern procurement and supplier management teams, Northstar offers end-to-end vendor onboarding, performance tracking, requirement compliance, and automated risk monitoring.

Our platform delivers 99.95% availability, complete data isolation, and comprehensive API integrations.

Key Proposal Highlights:

- Annual Subscription Fee: \$115,000 USD
- Implementation Timeline: 30 days guaranteed deployment
- Service Level Agreement: 99.95% uptime SLA with financial credits
- Payment Terms: Net 30 days
- Security Compliance: SOC 2 Type II certified and ISO 27001 certified

2. IMPLEMENTATION & DEPLOYMENT TIMELINE

Northstar Systems provides a structured 30-day onboarding timeline led by a dedicated implementation manager.

Phase 1: Kickoff & Environment Setup (Days 1-5)

Initial tenant provision, single sign-on (SSO) configuration, and data model mapping.

Phase 2: Data Migration & Integration (Days 6-15)

Migration of existing supplier master records and ERP data connection. Total active setup duration is 720 hours (30 calendar days).

Phase 3: User Training & Acceptance Testing (Days 16-25)

Role-based administrator and buyer training workshops.

Phase 4: Production Go-Live (Day 30)

Full enterprise deployment and transition to dedicated 24/7 account support.

3. SERVICE LEVEL AGREEMENT (SLA) & SUPPORT SERVICES

3.1 Availability Commitment

Northstar Systems guarantees a monthly Service Level Agreement (SLA) uptime of 99.95% for all core production services, excluding scheduled maintenance windows.

3.2 SLA Downtime Credits

If monthly availability falls below 99.95%, Customer shall receive SLA service credits calculated as follows:

- 99.50% to 99.94%: 10% credit of monthly fee
- 99.00% to 99.49%: 25% credit of monthly fee
- Below 99.00%: 50% credit of monthly fee

3.3 Support Tier & Availability

Northstar includes 24/7 critical incident response support for all Tier 1 infrastructure severity issues, with maximum 15-minute initial response SLA.

4. SECURITY, COMPLIANCE & DATA OWNERSHIP

4.1 Security Certifications

Northstar Systems maintains current SOC 2 Type II audit compliance and ISO 27001 certification. Independent audit reports are provided annually to customers.

4.2 Data Ownership & Privacy

Customer retains sole and exclusive ownership of all uploaded procurement data, supplier records, and contract documents. Northstar acquires no right, title, or interest in customer data.

4.3 Warranty & Service Assurance

Northstar provides a 12-month service assurance warranty guaranteeing that the software will perform in material conformity with system documentation.

5. COMMERCIAL TERMS, RENEWAL & LIABILITY

5.1 Pricing & Payment Terms

Annual Subscription Fee: \$115,000 USD billed annually in advance. Payment terms are Net 30 days from invoice date.

5.2 Contract Renewal & Termination

The initial subscription term is 12 months. This agreement will automatically renew for successive 12-month periods unless either party provides written notice of non-renewal at least 60 days prior to the end of the current term. Customer may terminate for convenience with 30 days written notice.

5.3 Limitation of Liability

Northstar's total aggregate liability arising out of or related to this agreement shall not exceed total fees paid by Customer in the preceding 12 months.
